

## Presentations on Roman Gods, Goddesses and Mythological Figures

**Due: March 12<sup>th</sup>**

You will be reporting on one of the following to the class. Here are some things you **MUST** include:

- Roman Name
- Greek Name (if they have one)
- What their domain(s) is – (what were they the god or goddess of)
- What is their symbol
- What special powers did they have
- What interesting stories did you find about them
- How were they usually depicted

For **Mythological Figures**, do the last 4 bullets.

Use a poster or powerpoint presentation to help organize your information so the class has a visual. You will be graded on your presentations and the class will be responsible for the information you give and anything else pertinent if you don't include it, so do a good job. **You will take a quiz based on the presentations.**

Also, you **must** have a list of sources that you used; at least two internet sources **AND** two **BOOK** sources. List the page numbers that you used – you must check your internet information with a book source. I want this information when you finish your presentation.

It is worth **25 points**.
