

**Website:** A collection of online informational pages on the world wide web that typically covers related topics

**Structure:** Last, First M. "Website article." *Website*. Publisher, Date published. Web. Date accessed. <URL>.

\*Note: URL is optional. Consult your teacher

The screenshot shows the Buzzle.com website. At the top is the logo 'Buzzle.com' with the tagline 'Intelligent Life on the Web'. Below the logo is a navigation menu with links for 'Home', 'World News', 'Latest Articles', and 'Escape Hat'. A 'Topics' sidebar on the left lists 'Water Aerobics', 'Aerobic Exercises', 'Anaerobic Exercise', 'Exercise Programs', and 'Exercises'. The main content area features an article titled 'Water Aerobics' with a sub-header and introductory text. Arrows point from labels 'Website' and 'Website article' to the logo and the article title, respectively.

**Bottom of article**

This close-up shows the bottom of the article. It contains the text: 'To do water aerobics, all you will need is a swimming pool and a number of other exercises in water as well. How to do water aerobics.' Below this, it says 'By Bhakti Satalkar' and 'Published: 7/15/2010'. Arrows point from labels 'Author' and 'Date electronically published: 7/15/10' to the author's name and the publication date, respectively.

**Article footer** – Often contains website publisher information

This close-up shows the article footer, which contains the text: '©2000-2009, 2010 Buzzle.com® · All rights reserved.' An arrow points from the label 'Website publisher' to this text.

**Data accessed:** Depends on the day  
When did you access the source? Web sources may change and must be considered unique
