August 24, 2008

Dear Parent or Guardian:

As parents of teenagers and pre-teens, it is important for us to know whether or not our children will be in safe environments when they leave our homes to spend time with friends. The Safe Homes Program offers some measure of assurance that our children will meet their friends in drug and alcohol-free homes.

Parents and teenagers who take the Safe Homes Pledge agree to make a stand against the widespread use of alcohol and drugs by offering a safe place when young people congregate. The names and phone numbers of families participating in the Safe Homes Program will be printed in the NHHS Safe Homes Directory as well as a county-wide directory, both of which will be sent to participating families. Every family in these directories has signed a drug and alcohol-free pledge.

The names of pledging families are listed alphabetically by the students' names. If your son or daughter is going to a party, look up the host student's name and call the family to confirm their intention to host a substance-free party. In this program, parents benefit from the support of other parents, who help in resisting pressure from others who do not set appropriate limits.

If you have any further questions about the directory, substance abuse issues, or safety issues/programs in the school, please do not hesitate to call. Once again we would like to thank you for being a part of this very important program.

Sincerely,

Michael P. Hughes  
Principal
