Dear Students:

According to the Volunteering in America report released in July of 2008 by the Corporation for National and Community Service, nearly 61 million Americans volunteered in their communities in 2007 giving 8.1 billion hours of service worth more than \$158 billion dollars to America's communities.

In addition to the positive experiences that you may gain from community service, you will be able to develop a portfolio of activities that will document your accomplishments and be extremely useful as they prepare for college applications, job resumes and apply for membership in our school's National Honor Society.

During the summer of 2008 and the 2008-2009 school year our voluntary community service goal for calls for 75% of juniors and seniors to complete a minimum of 40 hours, 75% of sophomores to complete a minimum of 30 hours and 75% of freshmen to complete a minimum of 20 hours.

It is the time of year again when we will be collecting your community service log and validation forms. Your physical education, health and driver's education teachers will be explaining how hours will be logged and validated. Log and validation forms will be collected on Friday, June 5, 2009.

Michael P Hughes
Principal
