CONSENT

For Release of Student Photograph and Other Information for School Website

We are sending you this parental consent form to request permission for your student’s photo/image and/or some personally identifiable information to be published on the district and/or high school’s website. The North Hunterdon-Voorhees Regional High School District would like to share news about student achievements and celebrate our educational programs with the entire community. Throughout the year we may use photographs of students for that purpose; however, we can only use a student’s photo with your consent.

As you are aware, there are potential dangers associated with the posting of personally identifiable information on a website since global access to the Internet does not allow us to control who may access such information. While these dangers have always existed, we want to acknowledge the achievements of your child in the safest way possible on our website(s).

Pursuant to law, we will not post photographs or personally identifiable information on our websites, or distribute to any third party, without prior written consent from you as parent or guardian. With consent, a student’s photograph, name, and/or grade may be provided, based on the option chosen below. Under no circumstances will the school or the district release personally identifiable information about a student other than photographs/images, name, and/or grade.

Please read the following choices carefully, sign below, and return this form to the high school’s registrar:
