

Accreditation for Growth

“leading us toward to student achievement”

North Hunterdon Regional High School

Michael P Hughes
Principal

John P. Hahola
Chairperson

Claire Bodek
External Facilitator

So what is AFG? Simply put, it's a commitment to the public to make continuous improvement of student performance. Specifically, clear and measurable goals are set by representatives of the District and public. These goals are made public and monitored by the Middle States Association. In essence, Middle States will hold our collective noses to the grindstone, resulting in our either gaining or not gaining their external validation.
