The 2017 Terry Butler Memorial Scholarship awarded
to a graduate of
North Hunterdon and Voorhees High Schools

Terry Butler was raised in Hampton, New Jersey and was from a large family that has roots in the borough going back to the 1850's. He attended Hampton Public School and was a proud graduate of the Class of 1974 from North Hunterdon Regional High School. He was an active class member and alumni supporter. He went on to college and graduate school and had a successful career in the area of arena management. Terry lost his battle with cancer in February 2011 and the world lost a caring, jovial and fun loving man. The Butler family wishes to assist a worthy student and establish a scholarship in his name.

The Terry Butler Memorial Scholarship is a \$2000.00 scholarship awarded to an outstanding senior at both North Hunterdon High School and Voorhees High School. The selection committee is looking for a student who is deserving of special recognition of their outstanding contributions to the high school and/or community for demonstrating loyalty, courage and acts of kindness.

The recipients of the 2017 Terry Butler Memorial Scholarship will be the fourth students selected for this honor.

Please include your name, address and future plans on your essay.

Please answer **ONE** of the following questions (in 500-1000 words).

- 1) *Terry was active during his time at NHRHS. He played Varsity soccer, was an active member of the Student Council and after graduation was an active member of the Class of '74 alumni association. How have you contributed to the overall North Hunterdon or Voorhees High School community? How have you made a difference in your school?*

- 2) *Terry faced illness with great strength and courage. He was positive and maintained his sense humor during his illness. His peers, colleagues, people who worked for him and his family were inspired by his courage. How have you faced adversity or assisted someone else facing a challenge? How have you made a difference in the lives of others?*
