

WISE
WOMEN IN SCIENCE AND ENGINEERING
DA VINCI SCIENCE CENTER

Women in Science and Engineering (WISE) Forum

WHEN: February 9, 2017 from 5:30pm-9pm

WHERE: Lafayette College, Easton, PA

WHO: Female high school students interested in learning more about science, technology, engineering and math (STEM) careers

Have dinner with inspiring women who have or are pursuing STEM careers. Learn what inspired them, what they do and how they got there, what they like the best about their careers, what cool tools they get to use, and how they make a difference through science, technology, engineering, and math.

Meet the women listed below and hear about their STEM experiences in a panel discussion moderated by Lafayette College president Alison Byerly. Panel is followed by an audience Q&A.

Confirmed Panelists:

- Sylvia Acevedo, Interim CEO, Girl Scouts of the U.S.A.; CEO, Communicard LLC
- Cynthia Y. Paige, MD, Medical Director, Cypress Health Institute of New Jersey
- Kimberly S. Stranick, Ph.D., Senior Vice President Regulatory Affairs, Daiichi Sankyo
- More to be announced

This event is free, but students must apply. Please visit the following link to fill out the application: <http://www.davincisciencecenter.org/public-service/wise-network/wise-2017-forum-student-application/>.

Qualified applications will be considered on a rolling basis until **January 13, 2017**.

Contact Ann Marie Surovy, CFRE, Director of Development and Community Relations at 484-664-1002 ext. 102 or annmarie@davincisciencecenter.org with questions.
