

Dr. Richard Bergacs
North Hunterdon High School
1445 State Route 31
Annandale, NJ 08801

Dear Rich,

On behalf of the Director of Athletics Association of New Jersey Board of Trustees, Awards Committee and its member schools, it is my sincere pleasure to announce to you that North Hunterdon High School is the inaugural winner of the DAANJ "Athletic Program of Excellence".

The focus of the award is to recognize on-going and consistent efforts on the part of New Jersey school's athletic programs that demonstrate best practice in the endorsement and promotion of education-based athletic programming. Specifically, this award recognizes schools that demonstrate intentional efforts to shift the culture of school-based sport programs as an on-going process.

We feel this award will become one of the most highly acclaimed honors that a school's athletic program could attain for the simple fact that it recognizes a school that provides exemplary support and promotion of education-based athletic programming in their school and community.

North Hunterdon's athletic program is therefore being recognized as one that is doing a superior job of conducting diverse activities and demonstrates intentional efforts to shift the culture of school-based sport programs as an on-going process which includes – athletes, parents and coaches.

Again, congratulations on your school's athletic department recognition.

Neil Rosa

Neil Rosa – Awards Chairman
