

ATTN: NORTH HUNTERDON BOOSTER CLUB

Free practice and timed SAT for sophomores and juniors
All-inclusive college prep workshop for parents

The North Hunterdon Booster Club is proud to sponsor a College Workshop by the following local experts: College, Career & Life; College Prospects of America; Premier College Funding; and Silver Oak Learning Centers.

A practice and timed SAT for North Hunterdon High School Students

Saturday December 3, 2011*

Location: North Hunterdon High School – Cafeteria B

8:30 a.m. (sign-in) to 12:45 p.m.

And, an all-inclusive college preparatory workshop will be held for parents while your student is taking the practice SAT:

Secrets to Success in Applying to Colleges

A Turnkey Approach

- How to improve your SAT scores.
- How to navigate the application process from a former admissions director.
- How to increase your opportunity to play and get a coach to invest in you.
 - How to pay for college and receive maximum aid.

REGISTRATION REQUIRED: Seating is limited and open to Booster Club members *only* until November 23. After Thanksgiving, enrollment will be open to the entire school population, if seating is still available. Please call 908-788-3799 or register online at www.premiercollegefundingllc.com . You do not need to participate in the practice SAT to attend the workshop.

The practice SAT is an official test (scores are not reportable) and is administered by Silver Oak Learning Centers. Results are available within two weeks of taking the test and shared in a consultation with you and your child.

*Call for alternate test dates.

About the sponsoring companies:

College, Career & Life, LLC. works one-on-one with families to navigate the complex college admission process. They help families understand what colleges are really looking for and, most importantly, identify colleges that fit their child's needs and goals. Services include essay writing and editing, assistance filing applications, course selection, and much more. Reena Gold Kamins, Director, spent 15 years working in admission offices, twice as Director of Admission.

Silver Oak Learning Centers offer instruction in math, reading, writing, study skills and SAT/ACT preparation. Our process starts with identifying skill gaps and then developing an individualized learning plan. Your child is then matched with one of our state certified and experienced instructors. Each child's progress is monitored and updated daily. Our SAT program begins with the student taking a full length released SAT test, that is then scored and analyzed. One of our educational experts meets with each family to discuss areas for skill improvements, the strategies used and the child's college choices/scores required. An individual plan is developed so that your child may achieve his or her goals.
