August 16, 2008

Dear Students and Parents/ Guardians:

This summer has been as busy as ever in the Guidance Office. Counselors who have been in over the summer have been working diligently to make any needed schedule adjustments that will ensure our students a positive start to the new school year of 2008 – 2009. Please review the enclosed documents carefully to assist us as we complete this process.

Students who will be returning should find a copy of your transcript. This is the document that will eventually go out to colleges and employers to provide them with a record of your high school academic program. It contains the information that becomes part of the permanent record. Please review this document for accuracy and keep it in a safe place for future reference. If you suspect an error, please contact your counselor to discuss.

All returning students will find that the transcript includes a listing of courses that will be included in their schedules this year. Please check to be sure that the schedule includes all courses needed this year as requirements for graduation. If you are missing a course or notice an error, please notify the Guidance Office immediately. Please also be sure to notify us of any change in your emergency contact information.

All seniors should expect to meet with their counselor to review the transcript, graduation requirements, and post-high school planning shortly after returning to school. Please watch for a pass in your homeroom, or visit or e-mail your counselor to make an appointment in advance.

Juniors will have an opportunity to review their transcripts and to work with the counselor on post-high school planning as the year progresses. Sophomores can look forward to an opportunity to focus on career exploration. Freshmen will enjoy some special attention from the Guidance staff as they strive to become acclimated to the high school.

As you enjoy the last few days of summer, I hope you look forward to a productive and happy school year.

Sincerely,

Patricia L. Raleigh  
Supervisor of Guidance
