

Name (please print): _____

Mods: _____

This course requires the use of a graphing calculator such as a Ti-83+, Ti-83+ silver edition, Ti-84 or Ti-84 silver edition. Each student is expected to have a calculator in class **every day**.

You are receiving this form because you have requested to borrow a calculator from the school. Please fill out your name and read the calculator contract. You will not receive a calculator until you and your parent/guardian have signed this contract.

Calculator Contract for Use of a School Calculator

The Math Department of NHHS offers you the use of school calculators to enrich your studies of mathematics. To use one of the school's calculators you need to read the guidelines below and sign the contract for appropriate calculator use. Failure to follow the guidelines below will result in loss of the calculator issued to you or charges for the calculator.

- Bring the calculator to class EVERYDAY.
- The calculator is to be used ONLY by the person assigned to it.
- **You are responsible for battery replacement until you return it to me at the end of the course.**
- The calculator is to be used for mathematics coursework.
- NO PROGRAMS should be loaded without teacher permission.
- Lost calculators will not be replaced until the \$100 cost is paid.
- Report to the teacher any damage to the calculator as soon as possible. (A calculator deemed unusable, because of damage due to negligence and not standard wear, will be treated as a lost calculator. The student is responsible for the \$100 cost.)
- The calculator will be returned at the end of the year or upon withdrawal from the course. The returned calculator will be the exact same calculator issued to the student by serial number or a \$100 fee will be charged to the student.
- STOLEN calculators must be reported immediately to the teacher. If the calculator is not found by the end of the year, **you are still responsible for paying the \$100 replacement fee.**

I agree to the preceding terms regarding calculator use and would like to borrow a graphing calculator for the school year.
