

Stuck on a Math Problem?

HAVE YOU TRIED THE FOLLOWING?

- Look for a similar example in your notes/handouts from the day's lesson.
- Refer to your book for a similar example.
- Text/Call a friend in your class.
- See if the answer is in the back of the book. Try to work backwards.
- Search the topic on Khan Academy
<https://www.khanacademy.org/>
- Try the question in Wolfram Alpha
<http://www.wolframalpha.com/>
- Google the question
- Ask a family member that is comfortable with math.
- Search You Tube

IF NONE OF THESE WORK, CIRCLE THE PROBLEM AND ASK THE TEACHER:

EXTRA MATH PRACTICE:

- School Yourself <https://schoolyourself.org/learn> (Really good if you were absent)
- Purple Math <https://www.purplemath.com/>
- Khan Academy <https://www.khanacademy.org/>
- IXL <https://www.ixl.com/> (If your school has a subscription)
