Parent Brag Sheet

Dear Parents or Guardians:

We who counsel your sons and daughters can do most for them when we know most about them. In an effort to give us further insights into these young people, we are inviting you to complete a **"Parent Brag Sheet"** about your child. While only a request, we encourage you to participate. The information you provide will also help us with our letters of recommendation for college or employment.

Please share your insights

1. What are some of the outstanding accomplishments of your son/daughter during his/her high school years?

2. In which areas have you observed the most development and growth in your child?

3. If you had to describe your son/daughter choosing 5-6 adjectives which ones would you use? Please explain.

4. Describe any outside programs in which your child has been an active participant. (E.g. academic programs, athletic programs, community service, career related programs, volunteer work)

5. Have there been any unusual circumstances that have affected your child's education experience or personal development? Explain.

6. Please take this opportunity to make comments describing your child's talents, abilities and contributions.
