0169.02 BOARD MEMBER USE OF SOCIAL NETWORKS

In accordance with the School Ethics Act - N.J.S.A. 18A:12-21 et seq., Board of Education members must avoid conduct which is in violation of the public trust or which creates a justifiable impression among the public that such trust is being violated. To avoid conduct that may be in violation or perceived to be in violation of the School Ethics Act, the Board of Education adopts this Policy to provide guidance to Board members in their use of social networks.

For the purposes of this Policy, “social network(s)” shall include, but not be limited to: Internet blogs, electronic bulletin boards, emails, social networking websites, text messages, or any other online platform where people may post or communicate interests, opinions, or any other information that may be viewed by others with or without permission from the person making such post or re-publishing such post.

“Social networks” also means an Internet-based service that allows individuals to: construct a public or semi-public profile within a bounded system created by the service; create a list of other users with whom they share a connection within the system; and view and navigate their list of connections and those made by others within the system.

For the purposes of this Policy, “use of a social network” shall include, but not be limited to: posting to a social network, reposting another person’s post to a social network, messaging, or any other publication of material on a social network.

Nothing in this Policy prevents a Board of Education member from using a social network. However, a Board member must avoid conduct on a social network that would violate the School Ethics Act – N.J.S.A. 18A:12-21 et seq., which includes the Code of Ethics for Board Members. Board members should be advised communications, publications, photographs, and any other information posted by the Board member or reposted by the Board member on a social network could violate the School Ethics Act and be cause for sanctions in accordance with the law.

While this Policy respects the right of Board members to use social networks, Board members shall recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. A Board member’s use of social networks shall not damage the reputation of the school district, employees, students, or their families. Board members who use social networks shall ensure their conduct is appropriate for a Board of Education member. Board members should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding what is private in the digital world often has the possibility of becoming public, even without their knowledge or consent.

Board members should carefully review the privacy settings on social networks they use and exercise care and good judgment when posting content and information. When using social networks, Board members are advised to:

1. Not post anything that would violate any of the district’s policies for Board members;

2. Uphold the district's value of respect for any individual(s) and avoid making defamatory statements about the Board of Education, the school district, employees, students, or their families;
3. Not disclose any confidential information about the school district or confidential information obtained as a result of being a Board member, about any individual(s) or organization, including students and/or their families;
4. Not use or refer to their Board of Education title or position when soliciting for a business organization that he or she or any immediate family member has an interest in, as well as posting or referencing any confidential information regarding the Board of Education or the school district obtained through their Board membership, unless authorized by law;
5. Refrain from having communications through social networks with other Board members regarding any Board of Education business to avoid any potential violation of the New Jersey Open Public Meetings Act;
6. Not respond to any postings regarding Board of Education or school district business or respond to any question or inquiry posted to the Board member or posted on any social network regarding Board of Education or school district business and shall refer any such questions or inquiries to the Superintendent of Schools to address, as appropriate; or
7. Not post any information on a social network determined by the New Jersey School Ethics Commission to be a violation of the New Jersey School Ethics Act.

A Board member shall comply with all Board policies regarding acceptable use of computers and computer networks whenever a Board member is using a Board of Education electronic device.

If the Board or Superintendent believes a Board member's activity on any social network may violate the Board's policies or the New Jersey School Ethics Act, the Board or Superintendent may request the Board member cease such activity.

This Policy has been developed and adopted by this Board to provide guidance and direction to a Board member to avoid actual and/or a perceived appearance of inappropriate conduct or conduct prohibited by the School Ethics Act while using social networks.

An individual who has applied for and has been selected to operate a Board vehicle shall, before beginning employment with the Board, submit to a controlled substance screening in conjunction with any required physical examination as per Policy No. 4160. Such screening shall be conducted in accordance with the procedures set forth in this policy and 49 C.F.R. 40. No individual receiving a positive confirmed test result will be employed by the Board.

An exception to the pre-employment screening may be made if the prospective employee:

- a. Has participated in a controlled substance testing program that met the requirements of 49 C.F.R. 382 et seq. within the previous thirty days and while participating in that program either:
 - (1) Was tested for controlled substances within the past six months (from the date of application to the district), or
 - (2) Participated in the random controlled substances testing program for the previous twelve months (from the date of application to the district); and
 - (3) The DER must ensure that no prior employer, to the DER's knowledge, has records of a violation of a controlled substance testing program within the previous six months.

If an individual is so exempted, the Designated Employer Representative (DER) shall contact the alcohol and/or controlled substances testing program in which the driver participated and obtain the following information in accordance with 49 C.F.R. 382.301(c):

All alcohol testing will be completed in accordance with 49 C.F.R. 40 et seq. A covered employee will not be offered employment and/or the transfer unless the result of the test indicates an alcohol concentration of less than 0.04.]

An individual who has applied for and has been selected to operate a Board vehicle or any existing employee transferring into a new position now required to operate a Board vehicle, shall submit a written consent authorizing the district to obtain the following information from other employers who have employed the employee during any period during the two years before the date of the individual's application date or transfer into the new position. The written consent from the individual will permit the Designated Employer Representative (DER) to obtain the following information from previous DOT-regulated employers:

- a. Alcohol tests with a result of 0.04 or higher alcohol concentration;
- b. Verified positive drug tests;
- c. Refusals to be tested (including verified adulterated or substituted drug test results);
- d. Other violations of DOT agency drug and alcohol testing regulations; and
- e. With respect to any employee who violated a DOT drug and alcohol regulation, documentation of the employee's successful completion of DOT return-to-duty requirements (including follow-up tests). If this information is not available from the previous employer, the DER must seek to obtain this information from the individual.

The DER will obtain and review this information before the employee first performs and driving and/or safety-sensitive functions. If this is not feasible, the DER will not permit the individual to work after thirty days from the individual's first date of employment in the position unless the DER has obtained or made and documented a good faith effort to obtain this information.

2. Random Testing

A covered employee shall be subject to submit to a alcohol and controlled substance testing on an unannounced and random basis resulting from the selection by a random generation methodology in accordance with 49 C.F.R. 383.305(i). Random testing will be spread reasonable throughout any given calendar year.

The minimum annual percentage rate for random alcohol testing shall be 10% of the average number of drivers. The minimum rate of random controlled substances testing shall be 50% of the average number of drivers. These rates may be adjusted as determined by the FHWA (Federal Highway Administration) Administrator in accordance with 49 C.F.R. 382.305.

Drivers shall only be random tested when performing safety-sensitive functions or immediately prior to or immediately following the performance of safety-sensitive functions.

3. Post-Accident Testing

The involvement by an employee in a motor vehicle collision while operating a Board vehicle when such accident results in property damage or personal injury, may trigger a post-accident drug and alcohol test.

As soon as practical following an occurrence, the DER will require post-accident alcohol screening for each of the surviving drivers:

- a. Who was performing safety-sensitive functions with respect to a vehicle, if the accident involves the loss of human life; or
- b. Who receives a citation within eight hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:
 - (1) Bodily injury to any person, who, as a result of the injury immediately receives medical treatment away from the scene of the accident; or
 - (2) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.
- c. If the alcohol test is not administered within two hours following the accident, the DER will prepare and maintain on file a record stating the reasons the test was not promptly administered. If the alcohol test is not administered within eight hours following the accident, the DER shall cease attempts to administer the alcohol test and shall prepare and maintain the same record. Records shall be submitted to the FMCSA upon request.

As soon as possible following an occurrence, the district will require post-accident controlled substance screening for each of the surviving drivers:

- a. Who was performing safety-sensitive functions with respect to a vehicle, if the accident involves the loss of human life; or
- b. Who receives a citation with thirty-two hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:
 - (1) Bodily injury to any person, who, as a result of the injury immediately receives medical treatment away from the scene of the accident; or
 - (2) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.
- c. If the controlled substance test is not administered within thirty-two hours following the accident, the DER shall cease attempts to administer the controlled substance test and shall prepare and maintain the same record. Records shall be submitted to the FMCSA upon request.

A driver who is subject to post-accident testing shall remain readily available for such testing or be deemed to have refused to submit for testing. A driver who is injured in an accident and requires medical care, shall submit to post-accident drug and controlled substance testing by the medical care facility providing the treatment or a designee of the Board if the facility is unable to provide the testing. Nothing herein shall be construed to prevent the driver from leaving the scene of the accident for the period required to obtain necessary assistance or to obtain emergency medical care.

4. Reasonable Suspicion Testing

The DER may require a driver to submit to an alcohol and/or controlled substance test when the driver is observed by a supervisor or school official who is trained in accordance with 49 C.F.R. 382.603 and causes the observer to have reasonable suspicion to believe the driver has violated 49 C.F.R. 382 et seq. Reasonable suspicion must exist to require the driver to undergo a test and must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the driver. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Reasonable suspicion alcohol testing is authorized only if the required observations are made during, just preceding, or just after the period of the work day the driver is required to be in compliance with the testing requirements of 49 C.F.R. 382 et seq.

Reasonable suspicion testing may be required of a driver while the driver is performing, just before the driver will perform or just after the driver has ceased performing safety-sensitive functions. If the alcohol test is not administered within two hours following the determination a reasonable suspicion test is required, the DER will prepare and maintain on file a record stating the reasons the test was not promptly administered. If the

alcohol test is not administered within eight hours following the determination, the DER shall cease attempts to administer the alcohol test and shall state in the record the reasons for not administering the test.

No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while the driver is under the influence of or impaired by alcohol, as shown by the behavioral, speech and performance indicators of alcohol misuse. The driver will also not be able to perform or continue to perform safety-sensitive functions until an alcohol test is administered and the driver's concentration measures less than 0.02 or twenty-four hours have elapsed following the determination that reasonable suspicion existed to require an alcohol test.

A written record of the observations leading to a reasonable suspicion test shall be made and signed by the supervisor and/or school official that made the observations. This record shall be made within twenty-four hours of the observed behavior or before the results of the test are released, whichever is earlier.

5. Return to Duty Testing

The district is not required to return an employee to a safety-sensitive position upon receipt of a confirmed drug and/or alcohol test. The Designated Employer Representative (DER) may recommend to the Superintendent of Schools the individual's employment be terminated depending on the circumstances.

In the event the DER does not recommend termination, the DER shall ensure that before a driver returns to duty requiring the performance of a safety-sensitive function, the driver shall undergo a return to duty alcohol test indicating a breath alcohol concentration of less than 0.02 and a controlled-substances test with a result indicating a verified negative result for controlled-substances use as required in 49 C.F.R. 40.305.

Drivers permitted to return to duty are required to take return-to-duty tests and shall be evaluated by a Substance Abuse Professional (SAP). These individuals must participate in an assistance program prescribed by the SAP and as required in 49 C.F.R. 40 Subpart O.

The SAP will determine a written follow-up testing plan for any individual who has been permitted to return to work and has successfully complied with the SAP's recommendations for education and/or treatment. Such employees are subject to a minimum of six (6) unannounced, follow-up drug screening and alcohol tests over the following twelve (12) months. The testing shall not exceed sixty (60) months. Alcohol follow-up testing shall be performed only when the driver is performing safety-sensitive functions or immediately prior to performing or immediately after performing safety-sensitive functions. All follow-up testing will be completed in accordance with 49 C.F.R. 40.311.

Medical Review Officer (MRO) Notifications

The Board shall employ or contract with a medical review officer who is a licensed physician (M.D. or D.O.) and shall designate the Medical Review Officer as the individual responsible for receiving laboratory results generated by the testing program. The medical review official shall have knowledge of substance abuse disorders and have appropriate medical training to interpret and evaluate the individuals confirmed positive test together with his/her medical history and other biomedical data. The Medical Review Officer must report all drug test results to the employer. The MRO may use a signed or stamped and dated legible photocopy of Copy 2 of the CCF report test results or a written report that must include, at a minimum, the information required in 49 C.F.R. 40.163.

Split Specimen Tests

Split specimen testing will be conducted in accordance with 49 C.F.R. 40 Subpart H. Under split-sample collection procedures, the driver has seventy-two hours from the time of notification of a positive result to request the MRO to order a test of the split specimen. If the driver does not request a split specimen test within seventy-two hours, the driver may present to the MRO information documenting that serious injury, illness, lack

of actual notice of the verified test result, inability to contact the MRO, or other circumstances unavoidably prevented the individual from making a timely request.

If the split specimen is unavailable or appears insufficient, the laboratory will continue the testing process of the primary specimen as the laboratory would normally. The laboratory will report the results for the primary specimen without providing the MRO information regarding the unavailable split specimen. In the event the MRO requests the split specimen be forwarded to another laboratory, the laboratory will report to the MRO the split specimen is unavailable for testing and the laboratory will provide the MRO with as much information as possible about the cause of the unavailability.

Designated Collection Facility

The Board shall designate the facility to be used for the collection of the specimen; provided, however, that the designated facility shall possess all required licenses and permits. The collection site will take place in a facility meeting the requirements of 49 C.F.R. 40 Subpart D. The DER will ensure the collection site meets the security requirements of 49 C.F.R. 40.43.

Designated Screening Laboratory

The Board shall designate the laboratory to which collected fluid samples will be forwarded for drug/alcohol screening. Drug testing laboratories must be certified by the Department of Health and Human Services (HHS) under the National Laboratory Certification Program (NLCP) for all testing required under 49 C.F.R. 40. The laboratory will perform all responsibilities as required in accordance with 49 C.F.R. 40 Subpart F.

Specimens

The normal screening methodology for controlled substances shall be urinalysis, collected by a representative of the Board at a designated site. The presence of alcohol will be determined by an Alcohol Screening Device (ASD) or an Evidential Breath Testing Device administered by an individual certified in accordance with 49 C.F.R. 40.211 and 49 C.F.R. 40.213.

Refusal to Submit

A driver will be deemed as refusing to take a drug test as described in with 49 C.F.R. 40.191. As per 49 C.F.R. 40.191, and individual refuses to take a drug test if he/she:

1. Fails to appear for any test (except a pre-employment test) within a reasonable time, as determined by the DER, consistent with applicable DOT agency regulations, after being directed to do so by the DER;
2. Fails to remain at the testing site until the testing process is complete. An employee who leaves the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test;
3. Fails to provide a urine specimen for any drug test required by this policy. An employee who does not provide a urine specimen because he or she has left the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test;
4. Fails to permit the observation or monitoring of providing a specimen. In the case of a directly observed or monitored collection in a drug test;
5. Fails to provide a sufficient amount of urine when directed, and it has been determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;
6. Fails or declines to take a second test the DER or collector has directed the individual to take;
7. Fails to undergo a medical examination or evaluation, as directed by the MRO as part of the verification process, or as directed by the DER under Sec. 40.193(d). In the case of a pre-employment drug test, the individual is deemed to have refused to test on this basis only if the pre-employment test is conducted following a contingent offer of employment;
8. Fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process); or

9. If the MRO reports the driver had a verified adulterated or substituted test result.

If an individual refuses to participate in a part of the testing process, the collector or MRO, must terminate the portion of the testing process, document the refusal on the CCF (including in the case of the collector, printing the employee's name on Copy 2 of the CCF), immediately notify the DER by any means (e.g., telephone or secure fax machine) that ensures that the refusal notification is immediately received. A referral physician (e.g., physician evaluating a "shy bladder" condition or a claim of a legitimate medical explanation in a validity testing situation), must notify the MRO, who in turn will notify the DER. In addition, the collector must note the refusal in the "Remarks" line (Step 2), and sign and date the CCF. The MRO must note the refusal by checking the "refusal to test because" box (Step 6) on Copy 2 of the CCF, and add the reason on the "Remarks" line. The MRO must then sign and date the CCF. When the driver refuses to take a non-DOT test or to sign a non-DOT form, the driver has not refused to take a DOT test. There are no consequences under DOT agency regulations for refusing to take a non-DOT test.

Record of Negative Screening

An employee required to submit to an alcohol and/or controlled substance screening as provided in this policy and whose screening results are negative may, at their option, have their personnel file documented to reflect the negative result.

Prescription Drugs

All bus drivers shall notify the DER of the use of any prescription drugs. The Board may require certification from the prescribing physician that the use of the prescription drug will not have an adverse affect on the driver's ability to properly perform safety-sensitive functions.

Consequences to Drivers Engaging in Prohibited Conduct

An employee whose screening produces a positive result for a prohibited substance:

1. Shall not be permitted to perform safety-sensitive functions;
2. Shall be advised by the DER of resources available to them in evaluating and resolving problems associated with the misuse of alcohol or the use of controlled substances;
3. Shall be evaluated by a substance abuse professional who shall determine what assistance, if any, is needed to resolve problems with alcohol or controlled substance use;
4. Undergo, before returning to duty, a return to duty alcohol test indicating a breath level of less than 0.02 if the conduct involved alcohol or a controlled substance test with a verified negative result;
5. If assistance was required, the employee must be evaluated by a substance abuse professional to determine that the driver has followed the rehabilitation program prescribed;
6. Be subject to unannounced follow up alcohol and/or controlled substance abuse testing;
7. Be subject to the disciplinary policy and regulations of the Board.

Return-to-Work Agreement

An employee who has returned to work and who fails to comply with any of the terms of the Return to Work Agreement shall be subject to termination.

4431.3 NEW JERSEY'S FAMILY LEAVE INSURANCE PROGRAM

Board of Education employees are eligible to apply for benefits under New Jersey's Family Leave Insurance Program administered by the State of New Jersey – Department of Labor and Workforce Development. New Jersey's Family Leave Insurance Program (NJFLI) may provide up to six weeks of family leave insurance benefits payable to covered employees from either the New Jersey State Plan or an approved employer-provided private plan.

A benefit provided through the NJFLI will be for the employee to bond with a child during the first twelve months after the child's birth, if the covered individual or the domestic partner or civil union partner of the covered individual is a biological parent of the child, or the first twelve months after the placement of the child for adoption with the covered individual. An employee who intends to apply to the State of New Jersey for benefits under this provision of the NJFLI must provide the Superintendent of Schools written notice thirty calendar days prior to beginning the leave. Failure to provide this thirty-day notice may result in a reduction in the employee's maximum family leave insurance benefits. Intermittent leave to bond with a newborn or newly adopted child must be agreed to by the Superintendent of Schools and the employee and, if agreed to, must be taken in periods of seven days or more.

A benefit provided through the NJFLI will also be to care for a family member with a serious health condition supported by a certification provided by a health care provider. An employee who intends to apply to the State of New Jersey for benefits under this provision of the NJFLI for consecutive leave must provide the school district reasonable and practical notice unless the time of the leave is unexpected or the time of the leave changes for unforeseen reasons. An employee who intends to apply for benefits under this provision of the NJFLI for intermittent leave must provide the school district with a written notice at least fifteen calendar days prior to beginning the leave.

For the purposes of this Policy, "family member" means a child, spouse, domestic partner, civil union partner, or parent of a covered individual. "Child" means a biological, adopted, or foster child, stepchild, or legal ward of a covered individual, child of a domestic partner of the covered individual, or child of a civil union partner of the covered individual, who is less than nineteen years of age or is nineteen years of age or older but incapable of self-care because of mental or physical impairment.

All applications for benefits under the NJFLI must be filed directly with the State of New Jersey – Department of Labor and Workforce Development. The eligibility requirements, wage requirements, benefit duration and amounts, and benefit limitations shall be in accordance with the provisions of the NJFLI as administered by the State of New Jersey – Department of Labor and Workforce Development. A formal appeal may be submitted to the State of New Jersey – Department of Labor and Workforce Development if an employee or the Board disagrees with a determination on a claim.

The NJFLI provides eligible individuals a monetary benefit and not a leave benefit. In addition, the school district administrative and related staff will comply with the State of New Jersey - Department of Labor and Workforce Development requests for information in accordance with the provisions of N.J.A.C. 12:21-3.9.

The Board may elect to provide employees with Family Leave Insurance benefits coverage under a private plan which must be approved by the State of New Jersey – Department of Labor and Workforce Development.

A printed notification of covered individuals' rights relative to the receipt of benefits under the NJFLI will be posted in each of the school district worksites and in a place or places accessible to all employees at the worksite. Each employee shall receive a copy of this notification in writing at the time of the employee's hiring, whenever the employee provides written notice to the Superintendent of their intention to apply for benefits under the NJFLI, or at any time upon the first request of the employee. The written notification may be transmitted to the employee in electronic form.

5514 STUDENT USE OF VEHICLES

The safety of students, staff members, school visitors, and others while on school grounds is of significant importance to the Board of Education. A student's use of a vehicle and/or other modes of transportation on school grounds has the potential to present a safety hazard for the student operator and to other students, staff members, school visitors and others while on school grounds.

Students in grade 12 are permitted to drive their ~~automobile~~ vehicle to and from school and park in the area designated for student parking. The student must register their ~~automobile~~ vehicle with the Principal or designee who will provide the student with school rules for driving and parking on school grounds. The school's rules may require a permit that must be affixed on a window or be clearly visible from outside the ~~automobile~~ vehicle when the ~~automobile-vehicle~~ is parked on school grounds.

~~Students are not permitted to ride bicycles to and from any school in the district.~~

Students are not permitted to bring ~~non-motorized~~ skateboards, scooters, roller skates, or any other ~~non-motorized~~ unauthorized mode of transportation on school grounds during the school day.

~~Students are not permitted to bring any motorized bicycle, skateboard, scooter, roller skates, hoverboard, or any other motorized mode of transportation on school grounds during the school day.~~

5516.01 STUDENT TRACKING DEVICES

The Board of Education recognizes students may have in their possession while in school, at a school-sponsored activity, or on a school bus an electronic tracking device that uses a global positioning system (GPS) or any other similar system. A tracking unit is a device, normally carried by a moving vehicle or person, that uses a GPS or similar system to determine and track its precise location, and hence that of its carrier, at intervals. The recorded location data can be stored within the tracking unit or it may be transmitted to another location, including, but not limited to, a central location database or an Internet-connected computer, using a cellular, radio, or satellite modem embedded in the unit. This allows the tracking unit's location to be displayed against a map backdrop either in real time or when analyzing the tracking path later, using tracking software. A tracking unit may be a device designed just for tracking or may be an application installed on any other electronic device.

A tracking unit may also have the ability to transmit in real time or through taping electronic communications to another location. These electronic communications may be one-way or two-way audio or video communications between the student and a person with a device at another location or an audio and/or video feature that enables a person remote from the student, with or without the permission of the student, to listen-in or have voice communications with the student and/or access video through the unit either in real time or by taping such communications.

The Board of Education permits the use of a tracking unit or an application on an electronic device that can track the location of the student while in school, at a school-sponsored event, or on a school bus. However, to protect the privacy rights of all students and to maintain the school district's legal obligation to maintain confidential student information in accordance with Federal and State law and regulations, the use of a tracking device or an application on an electronic device that enables any type of one-way or two-way audio and/or video communications or taping is not permitted.

A violation of the provisions of this Policy will result in a violation of the Student Code of Conduct Policy and appropriate discipline will be imposed.

7425 LEAD TESTING OF WATER IN SCHOOLS

The health, safety, and welfare of the children in the school district are of utmost importance to the Board of Education. After the initial screening, the Board will conduct these lead screenings every six years and shall sample for lead after the replacement of any drinking water outlet or any other alteration to plumbing or service lines that may impact lead levels at the outlet, in accordance with N.J.A.C. 6A:26-12.4(f)1 and 2.

The Board shall submit to the New Jersey Department of Education by June 30 of each year a statement of assurance, that the school district completed lead testing in accordance with N.J.A.C. 6A:26-12.4; that notifications were provided consistent with N.J.A.C. 6A:26-12.4; and that alternative drinking water continues to be made available to all students and staff, if necessary, pursuant to N.J.A.C. 6A:26-12.4(g).

The Board may apply for reimbursement for the costs of any water supply testing and analysis conducted, in accordance with N.J.A.C. 6A:26-12.4(j).

9240 RIGHTS OF PARENTS

The Board of Education recognizes that the parent(s) or legal guardian(s) of each child are ultimately responsible for the care and custody of that child, and that both parent(s) or legal guardian(s) share that responsibility equally. The Board recognizes as well that, where only one parent has legal custody of a child, the rights and responsibilities of the other parent may be limited. The Board believes that the interests of the child are best served by the continuing involvement of both parents in the child's life and well-being.

The Board will presume that each natural or adoptive parent(s) or legal guardian(s) of a ~~pupil~~student enrolled in this district possesses full parental rights of access to the ~~pupil~~student and to information about the ~~pupil~~student, notwithstanding any separation of the parent(s) or legal guardian(s) or dissolution of their marriage. Every parent, except as prohibited by federal and state law, shall have access to records and information pertaining to his or her unemancipated child, including, but not limited to, medical, dental, insurance, child care and educational records, whether or not the child resides with the parent, unless that access is found by the court to be not in the best interest of the child or the access is found by the court to be sought for the purpose of causing detriment to the other parent.

The place of residence of either parent shall not appear on any records or information released pursuant to the provisions of this section.

A child's parent(s), guardian(s) or legal custodian(s) may petition the court to have a parent's access to the records limited.
