

Singly Field Flag Pole Replacement

Eagle Project Proposal Slideshow

By: Jared Klimas

Troop 61

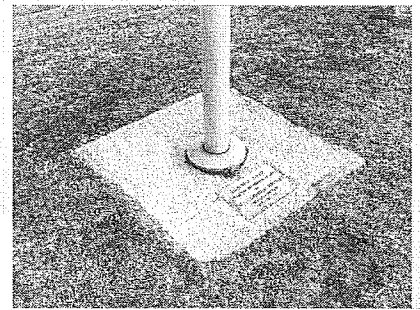

Updated July 2, 2018

Basic Project Description

Replacement of the currently leaning flag pole at North Hunterdon's Singly Field with a newer and stronger 35 foot flag pole with a new concrete pad and install an electrical dome light.

Photos of current pole

How will this project benefit North Hunterdon High School

This project will be helpful to the beneficiary to help promote the respect to those who have served our country as well as to have a symbol to athletes, coaches, and spectators of athletic events at the field that they will always be practicing and playing underneath the American Flag.

Estimated Timeline

UPDATED

- Start Fundraising and Planning Efforts: July 2018
 - Continues in through the Winter of 2018-19
- Start Construction: Early to Mid March 2019
- Finish Construction: Early to Mid-April 2019

Materials Required

35 foot satin flag pole, pole anchoring equipment and hardware, concrete, foundation tubing, dirt, sand, 6 foot by 10 foot American Flag, Electrical Dome Light and wiring.

Permits

We will need an electrical permit and a licensed electrician to wire the electrical light.

We will also need a building permit.

Preliminary costs

Category	Price
Materials	\$2,646
Supplies	\$200
Tools	\$500
Others	\$150
TOTAL COSTS	\$3,500.00

This cost does not include if supplies and materials are donated.

The cost does not include electrician labor estimate.

How will funds be raised

Funds will be raised through various ways. Those ways include asking local restaurants to donate portions of sales, creating Online fund raisers, possibly selling t-shirts, as well as asking for donations from local organizations. I intend to have the flag pole donated from a local veteran organization and possibly get supplies and materials donated from local businesses as well as assistance from the School Maintenance Department.
