What we do: YMCA Youth and Government is an academic club dedicated to understanding and debating current New Jersey state legislation and legislative processes. Club members will also be tasked with creating their own legislation. Youth and Model Government prepares interested club members for participation in the YMCA Youth and Model Government conference in Trenton, NJ in April. At this conference club members introduce and debate their own legislation with YMCA YAG members from across the state.

When & Where: YMCA Youth and Model Government meets on Wednesdays in Room 312 starting in late Fall
