The Hebrew Culture Club will create a fun, hands-on learning environment that encourages cultural diversity. It is open to all students who want to learn about the Hebrew Culture through holidays, the Hebrew language, and the history of Israel.

The Jewish student population has grown and HCC gives students the opportunity to learn about Hebrew culture. As members of an ever growing global society which is inclusive to many cultures and languages, the Hebrew Culture Club gives students the environment and knowledge to engage as active participants in a diverse community and assure a quality and culturally responsive education for all students at Voorhees.

Meetings might include consumption of traditional Hebrew food and to teach students the meaning of kosher foods, performing skits/ showing videos to teach students about different holidays and learning the Hebrew Alphabet.
