PRIDE is a club dedicating to promote awareness and tolerance of the LGBTQ+ community. Gender issues are continually at the forefront in America. This club will help students understand and come to grips with the issues facing the LGTBQ+ community.

In addition to providing a comfortable atmosphere for people to discuss these issues, the club can serve as a catalyst for awareness within the school. This club will meet two to three times a month and have fundraisers (bracelet sales, bake sales, etc.).

Furthermore, the students will promote school-wide events to help increase awareness such as the “Day of Silence,” “Pride Week,” and a joint event with North Hunterdon’s chapter.
