SCHOOL BASED YOUTH SERVICES PROGRAM

AFFILIATION AGREEMENT

North Hunterdon High School
~~North Hunterdon Regional High School~~ agrees to the establishment of School Based Services at this school site. These services, provided by the School Based Youth Services Program of the Hunterdon Medical Center, Hunterdon Behavioral Health, include:

- 1.) Assessment 2.) Counseling 3.) Consultations
- 4.) Recreational Programs
- 5.) General Support Services
- 6.) Referral and linkage to community service providers

School Based Services will neither supplant nor duplicate existing school services. The intent of the School Based Program is to augment and supplement existing services to the students. Creation of any new service is mutually determined and agreed upon by the School Based Services where an identified need exists.

Together with the school, the School Based Services Program maintains the goal of helping any student gain accessibility to needed services. Establishment of on-site services ensures this process.

The school agrees to provide office space, telephone and clerical services as needed. A school based team will be established, comprised of key school personnel and school based staff. This team shall meet regularly to discuss program development and review referrals to the School Based program.

All services provided to students must be preceded by an authorization signed by the parents and/or legal guardian of the student. Parents maintain the right to refuse School Based Services or request an altered version of the services. The School Based program complies with the standards of confidentiality.
