

Dear Parents/Guardians:

Full course schedules with teacher names and room numbers are now viewable in Aspen for the 2025-2026 school year.

To view your student's course schedule, click on Family top tab, click on student's name in blue, then on the left-hand side click on Schedule side tab (students can also log into their own Aspen account to view their schedule under My Info top tab, then Schedule side tab).

We follow a rolling drop block schedule (see more details below), which includes a four-day rotation. To view the schedule across the four-day rotation, click on Matrix view (Aspen may default to List view). Please note that schedules may potentially change due to class balancing and to check the schedule again right before school opens. Students should print a copy or take a screenshot of their schedule, in Matrix view, and bring it to school on the first day August 25th, or to orientation for freshmen on August 22nd.

If you have any questions or concerns about your student's schedule, please contact the counseling department directly (North Hunterdon – 908-713-4130, Voorhees – 908-638-2174). Counselors are on limited hours for the summer, but you can speak with the counselor on duty that day to assist with any issues. Please note that schedule change requests for teacher or classmate preferences will not be considered (this includes lunches).

Rolling Drop Block Schedule:

With the rolling drop block schedule, your student's schedule includes 8 blocks of classes with only 6 meeting each day (3 before lunch/directed study hall and 3 after lunch/directed study hall) across a four-day rotation (A, B, C and D days).

Our bell schedules and the monthly rotation schedule indicating which calendar days are A, B, C and D are available on the school websites, see Featured Links on right hand side of the homepage, then click on Bell Schedules.
